When We Work Together To Empower Our Children, Results Are Assured.

Dear Supporters,

When I witness how our work on the ground is changing lives and advancing the creation of an egalitarian society, I am incredibly inspired. I'm so grateful that you helped KHUSHII spread happiness with your generous support.

Children are our future, and as one of the youngest countries in the world, we must ensure that they reach their full potential and leverage our demographic dividend for helping progress at the individual and social level.

I'm glad to share real-life success stories in this newsletter, and I hope that you will sense the change you are a part of.

Again, I want to thank you for your help.

Harish Gosain
Executive Director, KHUSHII

KHUSHII MADE MY LIFE BETTER

TESTIMONIAL

"KHUSHII has become a turning point in my life and now I cherish my decision of joining the organisation to accelerate my performance. Now I can see that accomplishing my dream was possible.

I am thankful to all supporters who believed in my strength and capabilities."

- Abhishek Singh

Abhishek has been with KHUSHII since 2011 when our field mobilizer briefed the family about KHUSHII's flagship programme - Swatantra Shikshaantra. Abhishek's interest in studies and grades improved dramatically once he started attending remedial classes in KHUSHII's school in Sangam Vihar, Delhi.

"Abhishek's hard work coupled with teachers' and counselors' efforts bore excellent results, he got a 9 CGPA in Class X and 91% in Class XII"

Results gave wings to Abhishek's dream of becoming a Chartered Accountant, one that he shared with his KHUSHII teacher, but the discovery of his father, Sh Jai Prakash's terminal illness meant that the family had no money to fund Abhishek's further education, and this could have been the end of his dream!

Support could not have been more timely for Abhishek in the form of the Deloitte-supported Jyotirgama Scholarship Programme. Abhishek's admission expenses were borne by the KHUSHII's scholarship as he enrolled himself in the Institute of Chartered Accountants of India for the Chartered Accountancy course.

"Abhishek has now completed his education at Delhi university and is presently in the 2nd year of his Chartered Accountancy course"

As a first-hand beneficiary, Abhishek knows how timely support and guidance can change the course of anyone's life. He believes in giving back to society by helping underprivileged children in any way he can. He has donated his old reference books and volunteered with KHUSHII school children during COVID-19 by taking sessions with them on Science, English, and Mathematics. He also donated rations to the needy ones in the community during the lockdown.

HIGHLIGHTS

AUG, 2022

CELEBRATING BOARD EXAM MERIT LISTERS

We are happy to report that students and teachers at KHUSHII-supported schools achieved commendable outcomes as a consequence of their dedication and commitment.

In the class 10th and 12th board exams, **23 students** from Faridabad Schools— including those from NIT-1 and NIT-3 schools—**scored more than 91%**, while **93**

students achieved more than **81% marks**. We are inspired further with the results to perform even better in the future.

SCHOLARSHIP WINNINGS TO SUPPORT EDUCATION

Seven students of class IX got selected for National Means cum Merit Scholarship (NMMS).

NMMS scholarship play a critical role in supporting education of children from underserved background with a financial support

Under this scholarship the students will get a financial support of INR 12,000 per annum to support their education till class XII

KHUSHII MADE MY LIFE BETTER

Gunja lost her father many years back. The family of five, the mother, elder sister, and her two children used to survive on the father's pension.

Gunja joined KHUSHII's General Duty Attendant program, which aims to bridge the gap in formal training and health care services provided in care homes and hospitals. After three months of hands-on training and experience during the program, she is now working as a professional caregiver with a monthly salary of Rs. 24,500

I AM KHUSHII

TESTIMONIALS

During my initial days, I discovered a wonderful organisation called KHUSHII in Delhi. I have seen many organisations and their work culture, but the way KHUSHII operates is what sets it apart from others. I was particularly enthused by the positive environment, passionate people, and creative minds working for one goal - uplifting the underprivileged. It is truly a privilege working as team-KHUSHII. I strongly suggest that each person should work for society directly or through an NGO at least once in their lifetime to get deep learning and to enrich oneself.

I have been working with KHUSHII for four years. When I think about my journey so far, it's been nothing less than a blessing. I have worked with people from different spheres of life. Each person taught me something valuable. I met some wonderful people who inspired me to push my limits. They taught me to think about society first and myself later.

While working with KHUSHII, I understood that things don't work out unless you are patient and humble. In a way working with NGO has not only taught me about the various challenges in society but it has also helped me to improve myself as a person each day. I find a lot of happiness in doing my bit for society. The joy that I get when I meet young kids or old people is soul-touching.

I've understood that relationships are not always made through blood. I'm indeed lucky to have worked for KHUSHII. Had I not been with this NGO, I don't think I would have been the person that I am today.
